

Young CLIMATE Warriors

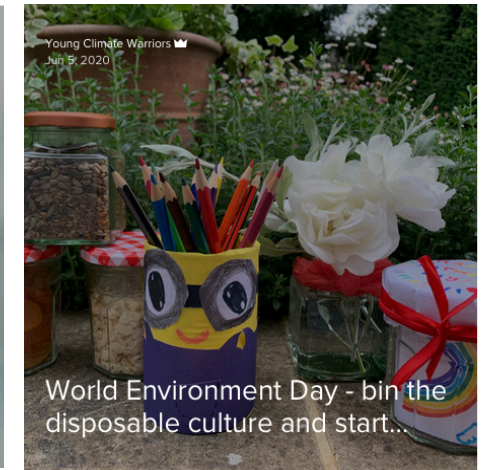

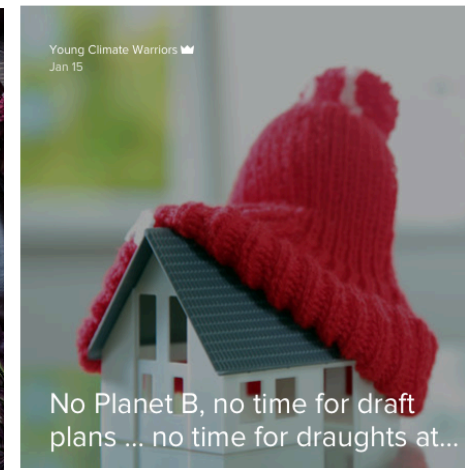

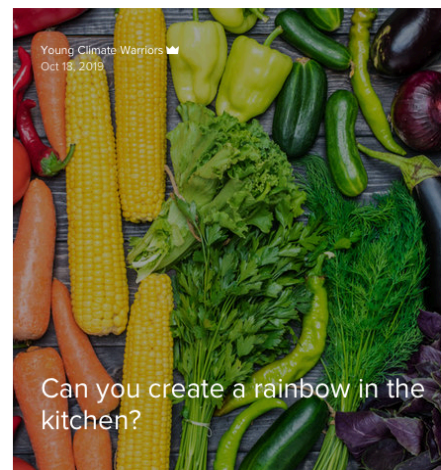

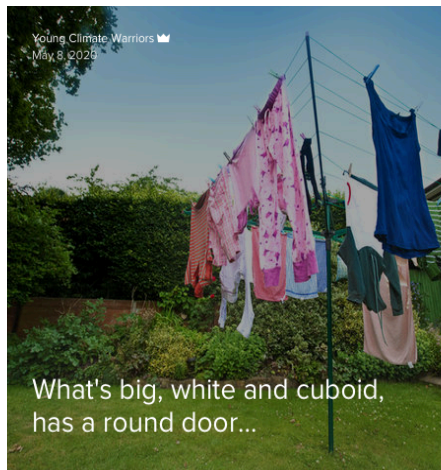

THE STORY SO FAR...

Young Climate Warriors has provided children with fun weekly climate-change related challenges since March 2019, and our virtual team is growing ... inspiring carbon-busting action around the home, encouraging climate change discussion, and sparking creative and imaginative activities in nature. Young Climate Warriors are making an impact and their voices are being heard.

We support teachers and families from Cornwall to Aberdeenshire, with ready-to-use, zero cost, high quality and thought-provoking climate change resources:

- **1,000 children** have signed up as Young Climate Warriors.
- **230+ schools** around the UK have Young Climate Warrior pupils.
- **70+ weekly term-time challenges** to date have tackled a wide range of topics.
- **2,000+ 'Red Buttons'** have been hit – 'challenge completed'!
- **100+ teachers** receive our weekly schools pack.
- **15 schools visited** – meeting with eco-teams, school councils, assemblies, classes.
- **'Climate Change Club in a Box'** - launched April '21 - 40 schools received resources for 10 weekly sessions
- Recommended by www.transform-our-world.org and www.globaldimension.org.uk

June 2021

OUR VISION – All children - Age 7 – 14 (KS2+KS3) will have the opportunity and resources to help them learn and understand about climate change and feel empowered to reflect, discuss and choose their own path of action.

YOUNG CLIMATE WARRIORS SAY...

'I am helping to make the world a better place.'

'Young Climate Warriors is great because it helps us keep our special planet healthy.'

'I like being part of Young Climate Warriors because I get to take part in challenges with other people.'

'My favourite challenge is hard to decide, but I loved eating foods from the UK and emailing my MP.'

'My favourite challenge was the beans and pulses one – it encouraged me to try something new'.

WORKING WITH...

TEACHERS SAY...

Over 100 teachers receive a free Young Climate Warriors schools pack every week:

'Joining Young Climate Warriors has really enhanced our curriculum.'

St Mary's, Bath

'Great for presenting the issues to pupils and parents without information overload.'

Wimbledon Chase

'Fun and inspiring, full of positive messages.'

Kings College Junior School

'Gets children excited and involved.'

Aston Rowant Primary School

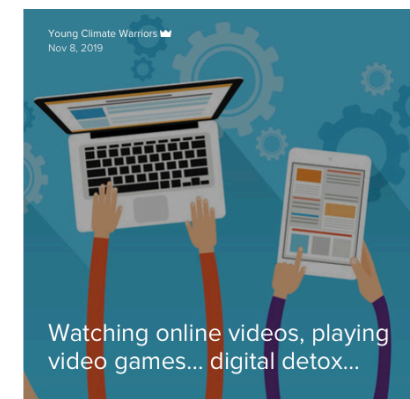

'Thank you for the super resource that is Climate Change Club in a Box. It has stimulated some brilliant discussions.' George Heriot's

'The challenges help embed these actions into our daily lives.'

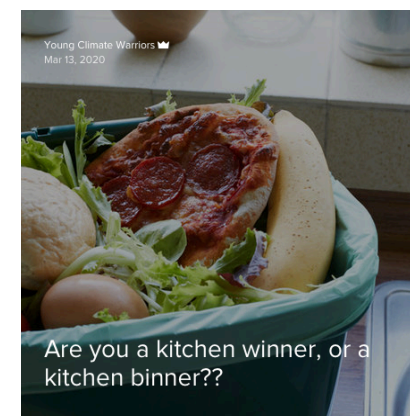

Godstowe

Cats have four, beetles have six, spiders have eight - how many...

Watching online videos, playing video games... digital detox...

Are you a kitchen winner, or a kitchen binner??

Young CLIMATE Warriors

WHAT'S NEXT?

To continue providing rigorous, reliable, trustworthy resources: inspiring discussion, encouraging curiosity, countering eco-anxiety, fostering values of empathy, social justice and an appreciation of nature.

Our AIM is to: Grow our team of Young Climate Warriors and double the number of schools reached (from Jan '20 – Jan 21); continue cutting carbon emissions and amplifying young people's voices.

HOW CAN YOU HELP?

The best action you can take is to encourage friends and teachers to sign up to become Young Climate Warriors! If you're able to support us financially your donation via our website would be much appreciated.

Thank
you for
your
support
